

Paul Flaten

Funeral services: 11am Saturday December 17, 2022
Our Saviors Lutheran Church in Stanley, Wisconsin
Visitation will begin at 10am at church

Paul Flaten, age 67 of Fridley, Minnesota, passed away on November 30, 2022. Paul was born on December 10, 1954 to Victor and Lois Flaten in Milwaukee, Wisconsin. He grew up in Stanley and graduated from Stanley-Boyd High in 1973. Paul is survived by his former wife Renae Ziehme and their two children, Kayla Kennelly (husband Pete and daughter Harper), Ryan Flaten (wife Amanda and sons Christian and Blake), partner Lucy Shoemaker (daughters Katie and Kayla), brother Dave Flaten (wife Mary Ann, son Michael and daughter Katie (Flaten) Gole) and sister Vicky Flaten (daughters Madelyn Bendickson and Abigail (Bendickson) Keane), sister in law Ginger Flaten (daughter Libby Tune and son Chris Flaten). Paul was a vibrant man with a love for travel at an early age. Before the age of 30, he lived and worked in Germany while also living in India and later traveled through Asia Pacific with his late brother Bruce. Paul loved his family, first and foremost. His favorite place was Lake Holcombe, Wisconsin, where he would spend a week every year for a family reunion. He loved hunting with his brothers, son and nephew. He enjoyed photography, woodworking and coming up with new inventions. He adored his soulmate, Lucy, children, and was a patient, loving Grandpa. Paul was the type of person who would always bring humor to any situation, even if it was a cheesy Dad joke. He was loved by many and will forever live in our hearts.

Services will be held at Our Saviors Lutheran Church in Stanley, Wisconsin on December 17, 2022 at 11am with Pastor Kenneth Schmidt officiating.

Inurnment will follow in Evergreen Cemetery-Stanley.

Visitation will begin at 10am at church.

In lieu of flowers donations may be given to:
North Memorial Health Foundation
<https://northmemorial.com/donate/>

It's an organization where Paul was a dedicated volunteer for 12+ years for heart patients that needed support dealing with their heart health. He was extremely passionate about helping these patients cope based on his past experiences.
